Dear Sir:

On June 3, 1992 we were informed by Examiner Bennett (telephone number 703-308-3988) that he/she had informed your branch that a sequence disclosure was not necessary in the above-captioned patent application because there were no sequence figures in the original application and no references to such sequences in the claims.

We would appreciate confirmation of correspondence between Examiner Bennett and your office and that the Notice To Comply With Sequence Listing Requirements has been withdrawn.

Very truly yours,

ARNOLD, WHITE & DURKEE
